ABOUT US:

Rajat Udyog had started its business in the year 1984 as a manufacturer and supplier of a wide assortment of Fasteners. Our quality approved range consists of Cap Nuts, Check Nuts, Coupling Nuts, Flange Nuts, Doomed Nuts, Carriage Bolts, Brass Bolts, Center Bolts, Flange Bolts, HSFG Structural Bolts, Square Washers, Serrated Washers, Friction Washers, Spring Washers and many more. These products are manufactured using cutting-edge technology as well as quality tested raw material. This further helps us in improving our production capacity as well as the standard of excellence. We procure raw material from the most authentic industrial vendors, which are selected a rigorous market surveys conducted by our experts. Moreover, the products we supply are highly praised amongst the customers for their matchless quality and features & therefore find large application across the country. The prime aim of our organization is to improve the delight of our esteemed clients, thus we supply products as per their actual demands and long lasting relationship with them. Our business activities are performed under the prudence guiding principles of our owner, Mr. Rajat Gupta, who is the defining and essential figure behind the unparalleled achievement of our business efforts. Under his leadership, we are efficiently functioning as well as meeting accurate demands of our valuable clients.

Quality has always been the forte of our organization and we have maintained it since the establishment of our organization till yet and will also maintain it in future. For total solution, we have developed the most advanced quality testing laboratory installed with a facility of forging, machining, welding and many others. Here, our complete product range is strictly examined on defined parameters by our experienced quality controllers. They ensure clients to deliver only those products, which are in conformation with the prescribed norms and guidelines of the industry.

Our sophisticated plant is well outfitted with ultramodern equipment and machines that enable us to manufacture products according to the existing customer's specifications and market development. Various departments such as production, quality testing, sales & marketing, logistics, research & development, administrative and others are developed in our infrastructure, which help us in performing the whole business activities systematically. Our infrastructure also enables us to meet the demands of clients within the prescribed time.

RANGE :

Industrial Bolts:

- Brass Bolts
- Carriage Bolts
- Center Bolts
- Eye Bolts
- Flange Bolts
- Hex Bolts
- HSFG Structure Bolts
- T Bolts
- Track shoe Bolts
- U Bolts

Industrial Nuts:

- Cap Nuts
- Castle Nuts
- Check Nuts
- Collar Nuts
- Coupling Nuts
- Domed Nuts
- Flange Nuts
- Hex Nuts
- Nylock Nuts
- Self locking Nuts

Industrial Washers:

- Friction Washers
- Nylon Washers
- Plain Washers
- Spring Washers
- Square Washers
- Taper Washers
